

TeachMeet 1

"Supporting children with SEND"

Wednesday 17th March 2021 between 4pm – 5pm – via 'Microsoft Teams'

Join colleagues from across the Lion Alliance and beyond at one of two Spring TeachMeets.

Talks and presentations for this course will include:

Title	Content covered	Facilitator	Time
Behaviour management of students with SEND	Understanding a child's behaviour and why they behaviour in a certain way is crucial in being able to manage a child's behaviour effectively. In this session we will explore some of the reasons children with SEND can display challenging behaviours and strategies to support with this.		4pm
Making sense of sensory needs	What does sensory processing mean and why it's important. Looking out for pupils who are under and over stimulated- recognising them in your school/ class etc. What is a sensory diet and how can we support pupils who need them. Practical ideas to regulate and support control of sensory processing		4:20pm
Building Resilience	What is resilience and why is it important, for SEND children and all learners? Strategies for promoting resilience in school and available resources to support this.		4:40pm
