## VICTORIA WALLACE

HEADTEACHER | LILLINGTON PRIMARY

### “Challenging Behaviours in Primary School”

Victoria has been in Education now for over 23 years and has spent the last 11 in Leadership. She has taught in a variety schools, some of which were in very deprived and challenging areas.

Dealing with challenging behaviour in the classroom is one of the most difficult aspects of teaching. It can not only cause you anxiety as the class teacher, but also the child involved. Over my many years of experience I have been able to build a portfolio of tried and tested methods in dealing with these behaviours and part of my success in turning behaviour around in schools is all based on the idea of choice and consequence.

This teach meet will hopefully give you some ideas and strategies to use in your own practice.

## ALEX HARRIS

ASSISTANT HEADTEACHER | MEADOW PARK

### “Motivation Matters: What are the mechanics of motivation and how can we catalyse it?”

Alex Harris, Assistant Headteacher for quality of education at Meadow Park School, shares insights from educational research about the mechanics of motivation and what steps we can take to motivate our students.

This session won't provide a magic bullet to solve poor behaviour but will give you food-for-thought.

## JOANNE McCARTHY

ASSISTANT HEADTEACHER | EXTENDED LEARNING CENTRE

### “In-lesson behaviours”

Joanne is an Assistant Headteacher at Coventry's Extended Learning Centre and their behaviour lead. She delivers all their internal behaviour CPD .

This afternoon Joanne will look at strategies for coping with challenging behaviour and students as they arise in the classroom setting.
